Vic Ash · Wormy Chestnut · Aus Chestnut · American Oak · Spotted Gum

Five timber species · standard or custom sizes · hinge or pivot · samples to take home at the Moorabbin showroom.

Beyond the named six, the workshop builds **custom doors to brief** — sketched, architect-specified, or built for an opening no standard product covers. Every architectural door is also available as a **pivot** — see the Pivot & Oversized range.

Can't see it here? *We'll build it.*

What's in this brochure is just what we make most often. Our workshop at **Bespoke Doors** manufactures custom doors to order — whatever you've seen, sketched, or can picture in the opening. Send a photo, a drawing, or just the idea, and we'll take it from there.
