THE ARCHITECTURAL RANGE

ENTRANCE DOOR · 01

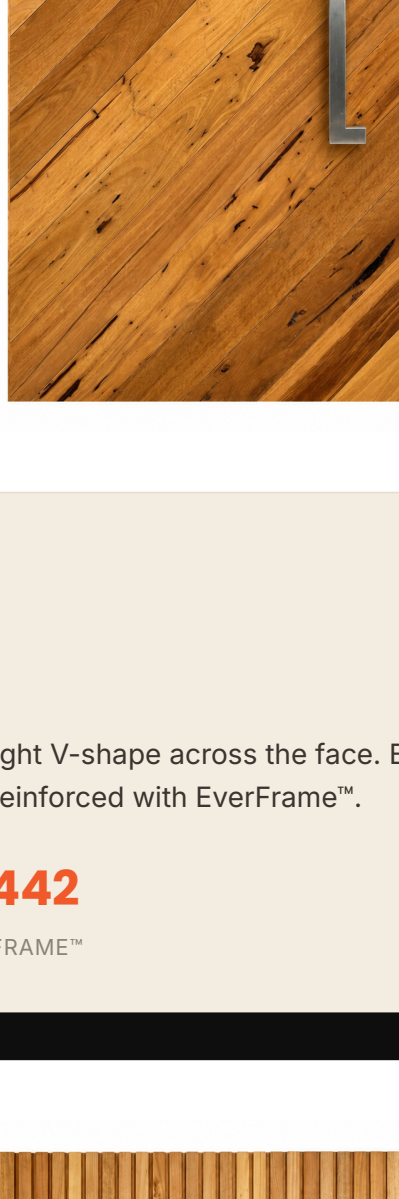

NORTH

Vertical lining-board door

Full-length vertical lining boards running continuous across a 50mm-thick core. The architectural foundation of the range. Sharp, straight, premium from the kerb.

Supply from \$2,292

820 × 2040 × 50MM · VIC ASH STANDARD

ENTRANCE DOOR · 02

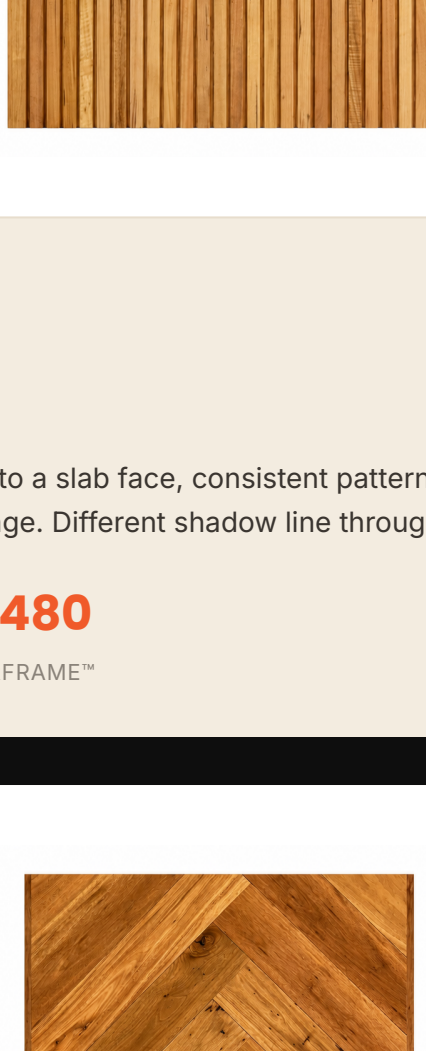

EMBER

Chevron pattern door

Solid timber boards laid in a tight V-shape across the face. Bold, dramatic, the one people notice from the street. Steel-reinforced with EverFrame™.

Supply from \$3,442

820 × 2040 × 50MM · WITH EVERFRAME™

ENTRANCE DOOR · 03

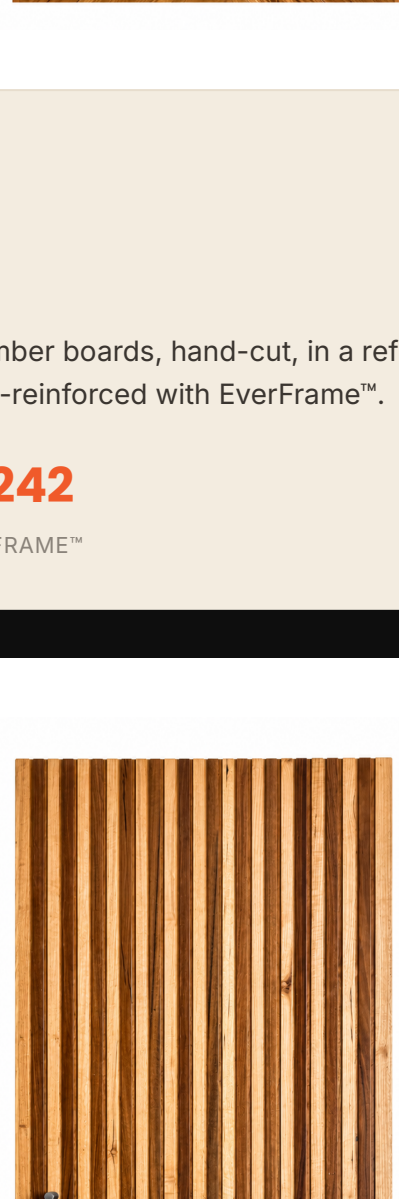

EVEN

Batten overlay door

Solid timber battens applied to a slab face, consistent pattern, one species. The most contemporary look in the range. Different shadow line through the day.

Supply from \$2,480

820 × 2040 × 50MM · WITH EVERFRAME™

ENTRANCE DOOR · 04

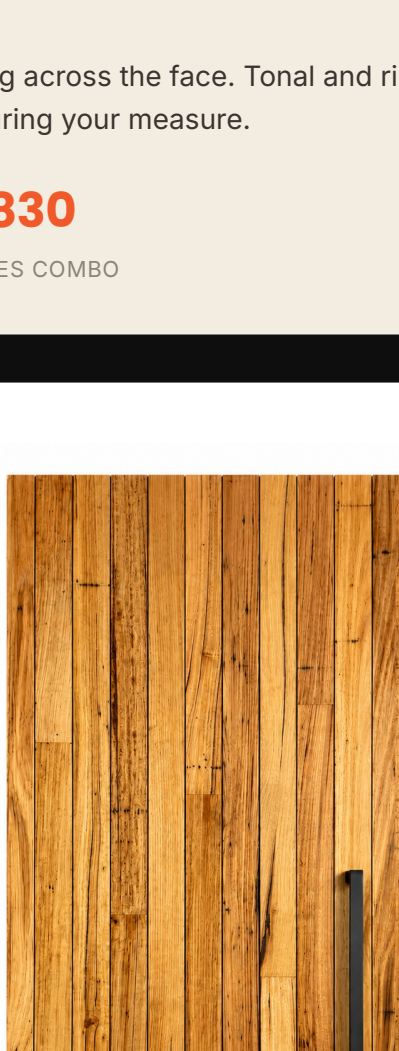

BONE

Herringbone pattern door

Staggered opposing-angle timber boards, hand-cut, in a refined herringbone. Reads softer than the chevron. Steel-reinforced with EverFrame™.

Supply from \$3,242

820 × 2040 × 50MM · WITH EVERFRAME™

ENTRANCE DOOR · 05

WEAVE

Mixed-species batten door

Two timber species alternating across the face. Tonal and rich without the pattern getting busy. Pick the two species during your measure.

Supply from \$2,830

820 × 2040 × 50MM · TWO-SPECIES COMBO

ENTRANCE DOOR · 06

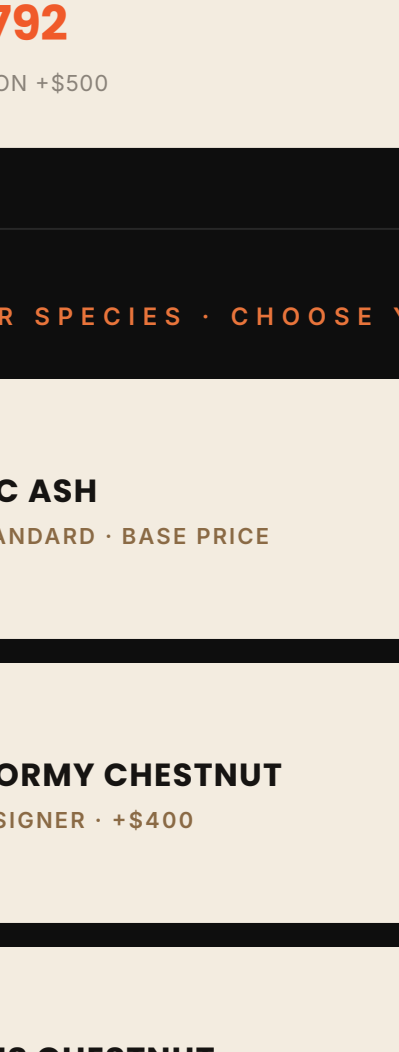

HAZE

Joined-board lining door

Same architectural look as NORTH, built from shorter joined boards above and below eye level. The smarter price-point entry into the architectural range.

Supply from \$1,948

820 × 2040 × 50MM · VIC ASH STANDARD

ENTRANCE DOOR · 07

NORTH with HALO

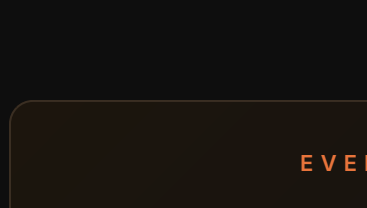

Vertical vision panel for the architectural range

HALO is a full-height glazed panel that sits flush alongside the lining boards. Light gets in without compromising the architectural look. Available on every door in the range.

Supply from \$2,792

820 × 2040 × 50MM · HALO ADD-ON +\$500
